This survey is being conducted by the National White Collar Crime Center (NW3C) and the National Association of Attorneys General (NAAG) under the direction of the Bureau of Justice Statistics.

The purpose of this survey is to obtain information regarding your office's cases involving white collar offenses. The data collected will be used to assess the prevalence of white collar cases handled by the Attorneys Generals' Offices and to inform future data collection activities. Although this survey is voluntary (i.e., a person is not required to respond to a collection of information), we urgently need and appreciate your cooperation to make the results comprehensive, accurate, and timely.

In this survey, the term "white collar offenses" refers to "any violation of law committed through non-violent means, involving lies, omissions, deceit, misrepresentation or violation of a position of trust, by an individual or organization for personal or organizational benefit." When answering the survey questions, please keep this definition in mind and be inclusive with your answers.

We are interested in criminal prosecutions of white collar crime and civil cases that involve similar activity.

While this is not a complete list of all white collar offenses, some specific examples include:
Consumer Fraud
Securities Fraud
Insurance Fraud
Tax Fraud
False Claims and Statements
Workplace Related Offenses (e.g., unsafe working conditions)
Environmental Offenses
Illegal Payments to Government Officials (giving or receiving)
Unfair Trade Practices
Bank Fraud
Medical Fraud

Instructions

1. For all questions, the phrase "During 2014" refers to January 1, 2014 through December 31, 2014.

2. Some questions will ask for specific counts (e.g., cases or offenses). In these questions, we are interested only in instances where charges were filed with a court. A case is defined as a set of all charges against a single defendant that are handled by the court as a single matter. A case with three defendants should be recorded as three cases, but a case with one defendant with multiple charges should be counted as one case.

3. For the purpose of this survey, we are interested in cases that were closed during 2014. A case is closed when the court has made a decision to convict the defendants or find the defendants liable or to dismiss the case.

4. If you need to come back to the survey at a later time, simply click the “Save” button located at the bottom of the survey. You may log back in to the survey using the original email sent to you. If you need to send the survey to another person to complete, please forward them the original email containing the survey link.

5. Do not click “Submit” until the survey is complete. You will not be able to return to the survey once it is officially submitted.

6. If you have questions or need assistance, please contact the NW3C at SurveyComments@nw3c.org or call (toll-free) 877-628-7674.
1. What is the position of the person filling out this survey?

2. What types of white collar cases does your office handle, including criminal prosecutions and civil complaints? Select One.
   - Criminal prosecutions only (You will skip the civil section and be advanced to Q13 upon completion of the criminal section)
   - Civil complaints only (You will be advanced to Q8)
   - Both criminal prosecutions and civil complaints
   - Our office does not handle white collar cases (You will be advanced to Q21)

3. During 2014, what types of criminal white collar cases did your office prosecute? Check either "yes" or "no" for each case type. If you are not able to determine "yes" or "no," please click the "not able to determine" button.
