## FACILITY ELIGIBILITY

The census includes all correctional facilities administered by state departments of corrections (DOC) or the Federal Bureau of Prisons (BOP) or operated under contract to hold inmates primarily for state correctional authorities or the BOP. These facilities are intended for adults but sometimes hold juveniles. For this data collection, each individual correctional facility or unit holding inmates under your jurisdiction is included, even if that facility shares budget or staff with other facilities.

The CJ-43A is intended to collect data on confinement facilities administered by the state DOC or the BOP or operated under contract to primarily house inmates for state correctional authorities or the BOP.

As you complete the survey, please provide a response to each question:

- If the answer to a question is "**none**" or "**zero**" **>** Write "**0**" in the space provided.

#### **BURDEN STATEMENT**

Under the Paperwork Reduction Act, we cannot ask you to respond to a collection of information unless it displays a currently valid OMB control number. The burden of this collection is estimated to average 2 hours and 45 minutes per response, including reviewing instructions, searching existing data sources, gathering necessary data, and completing and reviewing this form. Send comments regarding this burden estimate or any aspect of this survey, including suggestions for reducing this burden, to the Director, Bureau of Justice Statistics, 810 Seventh Street, NW, Washington, DC 20531. Do not send your completed form to this address.
