## FIGURE 16

**Sexual assault victimizations of females, by victim age  
and offender sex, North Dakota, 2015**

| Offender sex      | Number | Percent of all<br>sexual assault<br>victimizations |
|-------------------|--------|----------------------------------------------------|
| <b>Total</b>      | 510    | 100.0%                                             |
| <b>Female</b>     | 32     | 6.3%                                               |
| <b>Victim age</b> |        |                                                    |
| Under 5           | 4      | 0.8                                                |
| 5–13              | 14     | 2.7                                                |
| 14–17             | 5      | 1.0                                                |
| 18–24             | 2      | 0.4                                                |
| 25–34             | 3      | 0.6                                                |
| 35–64             | 4      | 0.8                                                |
| 65 or older       | 0      | 0.0                                                |
| <b>Male</b>       | 478    | 93.7%                                              |
| <b>Victim age</b> |        |                                                    |
| Under 5           | 19     | 3.7                                                |
| 5–13              | 108    | 21.2                                               |
| 14–17             | 114    | 22.4                                               |
| 18–24             | 111    | 21.8                                               |
| 25–34             | 63     | 12.4                                               |
| 35–64             | 61     | 12.0                                               |
| 65 or older       | 2      | 0.4                                                |

Note: Excludes 4 sexual assault victimizations for which victim age is unknown and 71 sexual assault victimizations for which offender sex is unknown. Details may not sum to totals due to rounding and percentages shown in tables may differ slightly from the percentages displayed in the report text. Percentages in the report text are rounded to the nearest whole number, while percentages displayed in tables and visualizations are rounded to the nearest tenth.
