## FIGURE 4A

### Violent victimizations that involved a sexual assault, by victim age, New Hampshire, 2019

| Victim age   | Number | Type of violent victimization |                          |
|--------------|--------|-------------------------------|--------------------------|
|              |        | Sexual assault                | Non-sexual violent crime |
| <b>Total</b> | 2,999  |                               |                          |
| Under 5      | 125    | 74.4%                         | 25.6%                    |
| 5–13         | 505    | 83.6%                         | 16.4%                    |
| 14–17        | 526    | 77.0%                         | 23.0%                    |
| 18–24        | 520    | 43.7%                         | 56.3%                    |
| 25–34        | 536    | 25.9%                         | 74.1%                    |
| 35–64        | 707    | 25.3%                         | 74.7%                    |
| 65 or older  | 80     | 30.0%                         | 70.0%                    |

Note: Excludes 155 violent victimizations for which victim age is unknown. See Methodology for description of sexual assault victimizations and non-sexual violent crime victimizations.

Details may not sum to totals due to rounding and percentages shown in tables may differ slightly from the percentages displayed in the report text. Percentages in the report text are rounded to the nearest whole number, while percentages displayed in tables and visualizations are rounded to the nearest tenth.
