# 2007 Law Enforcement Management and Administrative Statistics (LEMAS) Survey

## CDFA Number 16.734

### Overview

The purpose of this award is to provide funding to administer the 2007 Law Enforcement Management and Administrative Statistics (LEMAS) Survey. This survey will obtain information about the personnel, operations, policies, and procedures of law enforcement agencies in the United States. Applicants are encouraged to review previous LEMAS surveys and related statistical reports from the LEMAS program, available on the BJS website at [www.ojp.usdoj.gov/bjs](http://www.ojp.usdoj.gov/bjs). A draft data collection instrument and respondent list will be provided by BJS. BJS anticipates making one award for a 12-month period under this solicitation, with an award date on or after May 1, 2007. BJS is authorized to issue this solicitation under the Omnibus Crime Control and Safe Streets Act of 1968, Section 302, as amended, 42 U.S.C. 3732.

### Deadline: Registration

Registering with Grants.gov is a one-time process; however, if you are a first time registrant it could take up to several weeks to have your registration validated and confirmed and to receive your user password. It is highly recommended you start the registration process as early as possible to prevent delays in submitting your application package to our agency by the deadline specified. There are three steps that you must complete before you are able to register: 1) Register with Central Contractor Registry (CCR); 2) Register yourself as an Authorized Organization Representative (AOR); and 3) Be authorized as an AOR by your organization. For more information, go to [www.grants.gov](http://www.grants.gov). **Note: Your CCR Registration must be renewed once a year. Failure to renew your CCR registration may prohibit submission of a grant application through Grants.gov.**

### Deadline: Application

The due date for applying for funding under this announcement is 8:00 p.m. eastern time, on January 31, 2007.

### Eligibility

Both profit-making and nonprofit organizations may apply for funds. However, consistent with OJP fiscal requirements, for profit organizations are not allowed to make a profit as a result of this award or to charge a management fee for the performance of this award.

**Faith-Based And Other Community Organizations:** Consistent with President George W. Bush's Executive Order 13279, dated December 12, 2002, and 28 C.F.R. Part 38, it is DOJ policy that faith-based and other community organizations that

statutorily qualify as eligible applicants under DOJ programs are invited and encouraged to apply for assistance awards to fund eligible grant activities. Faith-based and other community organizations will be considered for awards on the same basis as other eligible applicants and, if they receive assistance awards, will be treated on an equal basis with all other grantees in the administration of such awards. No eligible applicant or grantee will be discriminated for or against on the basis of its religious character or affiliation, religious name, or the religious composition of its board of directors or persons working in the organization.

Faith-based organizations receiving DOJ assistance awards retain their independence and do not lose or have to modify their religious identity (e.g., removing religious symbols) to receive assistance awards. DOJ grant funds, however, may not be used to fund any inherently religious activity, such as prayer or worship. Inherently religious activity is permissible, although it cannot occur during an activity funded with DOJ grant funds; rather, such religious activity must be separate in time or place from the DOJ-funded program. Further, participation in such activity by individuals receiving services must be voluntary. Programs funded by DOJ are not permitted to discriminate in the provision of services on the basis of a beneficiary's religion.

Applicants are encouraged to review the Civil Rights Compliance section under "Additional Requirements" in this announcement.

## **Project-Specific Information**

The Law Enforcement Management and Administrative Statistics (LEMAS) Survey is presently the most systematic and comprehensive source of national data on law enforcement personnel, expenditures and pay, operations, equipment, computers and information systems, and policies and procedures. The LEMAS surveys provide national estimates for all State and local law enforcement agencies based on a representative sample of more than 3,000 agencies. LEMAS surveys have been conducted approximately every three years since 1987 and have provided information on current issues and trends in law enforcement in the United States. The LEMAS program has been instrumental in policy making, planning, and budgeting at all levels of government.

### **Scope of Work**

The objective of this project is to complete data collection for the 2007 Law Enforcement Management and Administrative Statistics (LEMAS) Survey. This includes extensive follow-up, data verification, data entry, and delivery of a final data set and documentation. The data collection instrument and respondent list will be provided by BJS. Applicants should plan for a 6 to 8-page instrument to be sent to approximately 1,000 law enforcement agencies, and a 3 to 4-page instrument to be sent to approximately 2,200 agencies. In preparing proposals for this solicitation, applicants are strongly encouraged to review the data collection instruments, datasets, and statistical reports from the LEMAS program, available on the BJS website at [www.ojp.usdoj.gov/bjs](http://www.ojp.usdoj.gov/bjs).

The data collection agent will have routine contact with State and local law enforcement agencies and must be knowledgeable in the area of law enforcement and the larger criminal justice system. The recipient of funds will:

1. Develop a detailed timetable for each task in the project. Data collection should begin in July 2007 and be completed in 10 months. After the BJS project manager has agreed to the timetable, all work must be completed as scheduled.
2. Transmit surveys to respondents and provide extensive follow-up to respondents that require assistance, clarification, or encouragement to complete the survey. This may involve multiple follow-up telephone calls, re-mailing or re-faxing surveys, and e-mail correspondence. Applications should present a multi-method approach to include mail, e-mail, internet-based, and other methods of disseminating the survey instrument.
3. Create and maintain a web site which respondents can use to submit their data. Electronic submission will be the preferred method of response, and respondents should be encouraged to use this method.
4. Implement and maintain an automated 'real-time' system to provide ongoing status of each survey respondent, complete documentation, and an inventory of follow-up communication and procedures for each case. Respondents' method of response (website, mail, fax, or phone) shall be included in this system. This automated tracking system should remain current and accessible to the BJS project monitor at all times.
5. Identify techniques necessary to achieve a 90% or better survey response rate and item response rates as specified in the "Performance Measures" below. Previous response rates on LEMAS surveys have exceeded 90%.
6. Deliver to BJS electronic versions of the survey data and documentation in ASCII file format. Survey documentation should include, but is not limited to, a comprehensive codebook detailing variable positions, data coding, variable and value labels, any recoding implemented during the data cleaning process, methods used for dealing with missing data, and copies of all program code used to generate data or published statistics. All data and documentation from this survey may be posted on the BJS website, and the data will be archived at the National Archive of Criminal Justice Data, operated by the Inter-University Consortium for Political and Social Research (ICPSR).

### **Funding Information**

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

### **Match Requirement**

Consistent with established BJS data quality standards and based on the nature of the deliverables, BJS has determined that it is not feasible to require the award recipient to contribute money, facilities, or services to carry out the purposes for which the grant is sought. Therefore, there is no match requirement.

### **Performance Measures**

To assist in fulfilling the Department's responsibilities under the Government Performance and Results Act (GPRA), P.L. 103-62, applicants who receive funding

under this solicitation must provide data that measures the results of their work. Performance measures for this solicitation are as follows:

Objective	Performance Measures	Data Grantee Provides
To conduct a survey of law enforcement agencies and to collect information pertaining to the personnel, operations, expenditures and pay, policies, and procedures of these agencies.	Quality of data (accuracy, validity, and reliability of data)	<p>Recipient must achieve a 90% or better survey response rate. (Target: 90% or better. A response rate lower than the 90% threshold is unacceptable.)</p> <p>Minimal number of missing or inconsistent data in data file (Target: 1% on function items, overall personnel items, and operations items; a maximum 5% on detailed personnel and operations items; and a maximum 10% or less on other items).</p> <p>Post validation follow-up rate (Target: 1% or less of respondents require post-validation follow-up and error correction).</p>
	Timeliness of data	Time from initiation of the collection to close of the reference period (Target: 10 months).

## How to Apply

DOJ is participating in the e-Government initiative, one of 25 initiatives included in the President’s Management Agenda. Part of this initiative -- Grants.gov -- is a “one-stop storefront” that provides a unified process for all customers of Federal grants to find funding opportunities and apply for funding.

**Grants.Gov Instructions:** Complete instructions can be found at [www.grants.gov](http://www.grants.gov). If you experience difficulties at any point during this process, please call the Grants.gov Customer Support Hotline at **1-800-518-4726**.

**CFDA Number:** The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation is 16.734, titled “2007 Law Enforcement Management and Administrative Statistics (LEMAS) Survey,” and the funding opportunity number is 2007-BJS-1508.

**A DUNS number is required:** The Office of Management and Budget requires that all businesses and nonprofit applicants for Federal funds include a DUNS (Data Universal Numeric System) number in their application for a new award or renewal of an award. Applications without a DUNS number are incomplete. A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving Federal funds. The identifier is used for tracking purposes and to validate address and point of contact information. The DUNS number will be used throughout the grant life cycle. Obtaining a DUNS number is a free, simple, one-time activity. Obtain one by calling 1-866-705-5711 or by applying online at <http://www.dunandbradstreet.com>. Individuals are exempt from this requirement.
